out of dark and violent centuries legends of a great leader arose king arthur became one of the most famous figures in british literature during the dark ages britain was without a king and the land was divided death and destruction reigned over the land as power hungry overlords armed themselves and fought against their fellow countrymen in mythology of king arthur and his knights evelyn wolfson examines both legend and historical fact surrounding king arthur and the dark ages in the british isles this book is developed from king arthur and his knights in mythology to allow republication of the original text into ebook paperback and trade editions

political representation matters and representation requires participation voting joining political parties running as candidates acting as politicians yet the election of openly lgbtq people is a relatively recent phenomenon in the west queering representation explores long ignored issues relating to lgbtq voters and politicians in canada what are the lgbtq electorate's characteristics and voting behaviours and what empowerment has it achieved through electoral systems how do straight voters view out lgbtq politicians and what part do the media play in framing these perceptions what pathways to power do lgbtq politicians follow do they represent lgbtq people and communities in particular and if so how is this role articulated and finally how do canadian party ideologies shape lgbtq representation the contributors to queering representation address these questions by offering diverse nuanced readings of political representation shining a spotlight on relations between electoral processes and lgbtq communities

despite the musical and social roles they play in many parts of the world wind bands have not attracted much interest from sociologists the sociology of wind bands seeks to fill this gap in research by providing a sociological account of this musical universe as it stands now based on a qualitative and quantitative survey conducted in northeastern france the authors present a vivid description of the orchestras the backgrounds and practices of their musicians and the repertoires they play their multi level analysis ranging from the cultural field to the wind music subfield and to everyday life relationships within bands and local communities sheds new light on the social organisation meanings and functions of a type of music that is all too often taken for granted yet they go further than merely portraying a musical genre as wind music is routinely neglected and socially defined in terms of its poor musical quality or even bad taste the book addresses the thorny issue of the effects of cultural hierarchy and domination it proposes an imaginative and balanced framework which beyond the specific case of wind music is an innovative contribution to the sociology of lowbrow culture
