what does it mean to live for god alone prefer nothing to the love of christ my god and my all god alone suffices these statements from  
 the saints express the single desire that unified their hearts and gave direction to their lives god alone was the constant theme of saint  
 rafaël arnaiz 1911 1938 the expression of the search for god that informs any monastic vocation saint rafaël was profoundly and  
 thoroughly a monk even though ill health repeatedly forced him to leave the monastery and he was never formally professed with his  
 single hearted love for christ and for the blessed virgin he faithfully walked a path of trials and suffering that matured his faith sharpened

his longing taught him to wait and to hope in god and opened his heart to love to live for god alone invites the reader into the compelling story of rafael s personal journey and into his penetrating insight into the cross and the christian vocation

private and public relationships between individuals or groups frequently labelled as friendships have played a central role in human societies yet over the centuries ideas and meanings of friendship transformed adapting to the political and social climate of a period and consequently resisting rigid definitions changing concepts and practices of friendship characterized the intellectual social political and cultural panorama of medieval europe including that of the fascinating and yet understudied thirteenth century iberia the peninsula s fascinating history as the subject of conquests and reconquest land of convivencia but also of rebellions political instability and secular and religious international power struggles makes the articulation of friendship within its borders a particularly fraught subject to study drawing on some of the encyclopaedic masterpieces produced in the scriptorium of the wise and the learned king alfonso x of castile 1252 84 namely the marian songs of the cantigas de santa maría the law code of the siete partidas and the chronicle estoria de españa this study explores the political religious and social networks inter faith and gender relationships legal definitions as well as bonds of tutorship and companionship which were frequently defined through the vocabulary and rhetoric of friendship this study also highlights how the values and meanings of amicitia often associated with classical roman visigothic arabic and eastern traditions were later transformed to adapt to alfonso x s cultural projects and political propaganda this book contributes to the study of the history of emotions and cultural histories of the middle ages while also adding another crucial piece to the broader historiographical debate currently challenging the most traditional view of the iberian peninsula s exceptionalism this interdisciplinary study considers whether iberia should be rather considered as a peripheral but still vital ring in a chain which linked it to the rest of europe while occupying a central role in the historical and cultural developments of the western mediterranean

translated here in its entirety for the first time alan of lille s *elucidatio in cantica canticorum* provides a measure for the originality of his mariology fifty years after the death of bernard of clairvaux alan of lille died in 1202 or 1203 among the cistercians at cîteaux celebrated in his own time as doctor universalis alan made pioneering contributions in a variety of genres best known today for his influential epic poems the anticlaudianus and the complaint of nature alan also composed a theological dictionary a handbook for preachers a defense of the catholic faith against the cathars and one of the first marian commentaries on the song of songs translated here in its entirety for the first time alan s *elucidatio in cantica canticorum* illumines his other writings and provides a measure for the originality of his mariology

in 2013 the nordic ministers for the environment decided to strenghten the measurement of green estimates of welfare and socio economic developments the report making the environment count is describing how statistics on the environment and the economy

through the system of environmental economic accounts can be used to enable cross sectorial analysis the report proposes indicators that can be compiled annually in a nordic context through existing statistics linking economic statistics to environmental statistics
