katie ebner landy shows that early modern europeans inspired by the ancient philosopher theophrastus embraced the character sketch as a source of moral and political education yet enlightenment thinkers spurned this genre in favor of elaborating principles thereby helping to drive a wedge between philosophy and literature

our understanding of hazards and disasters is rapidly changing and it is unclear as to whether our existing management systems are adequate to

adapt to current and future disasters thoroughly updated to include the latest research in the hazards and disasters field u s emergency management in the 21st century continues the tradition of giving readers access to exemplary case studies drawn from a wide variety of hazards and applied fields new to the second edition discussion on covid 19 pandemic and the lacking local capacity for preparedness forgotten hazards heatwaves and coldwaves in phoenix az and buffalo n y new challenges in hurricane preparedness and response with rapid intensification changing cycles of water volume in the west resulting in storage emergencies cascading hazards and out of sight water crises in the southwest extreme precipitation resulting in flash flooding in tennessee new york city montana and vermont updated conclusion describing divergence between federal state and local emergency management concerns and priorities a new co editor melanie gall recognized for her teaching and scholarship on natural hazards and emergency management u s emergency management in the 21st century remains an indispensable textbook on disaster case studies emergency management policy and practice an essential resource for students public and professionals alike

spiritual writer theologian and philosopher fr robert spitzer s j tackles the topic of recognizing and overcoming spiritual evil his focus is the human heart his goal our spiritual and moral transformation which leads to true peace and genuine happiness the book is divided into two main parts 1 the realities of god s goodness and of spiritual evil and 2 recognizing and overcoming the diabolical tactics of deception temptation and sin the author synthesizes the best advice given by catholic spiritual masters throughout the ages and gives a practical guide to implementing it in our busy lives father spitzer provides the biblical and theological background of jesus victory over evil he also explores the reality of the devil including extraordinary manifestations of diabolic activity such as possession with insights from modern psychology he shows how prayer can transform the subconscious psyche making us better able to resist temptation detach from the world and grow in holiness

spiritual writer theologian and philosopher jesuit fr robert spitzer tackles the topic of recognizing and overcoming spiritual evil his focus is the human heart his goal our moral and spiritual transformation which leads to true peace and genuine happiness the book is divided into two main parts the realities of god s goodness and of spiritual evil and recognizing and overcoming diabolical tactics which range from temptation and deception to the deadly sins father spitzer shows readers how to experience god s peace even during times of suffering and persecution he examines the basics of the spiritual life and christian mysticism including the contemplative dimension he explains the purgative illuminative and unitive aspects of spirituality as well as the lord s consolation and the passive dark night of the spirit father spitzer provides the biblical and theological background of jesus victory over satan the author also explores the reality of the devil including extraordinary manifestations of diabolic activity such as possession he recalls the true story of the famous possession case on which the novel and film the exorcist were based in the final sections of the book the author explains how diabolical spiritual forces operate how temptation works and what to do to defeat it the deadly sins and how to overcome them

the field of immuno oncology continues to rapidly evolve as new insights to fight and treat cancer emerge the fourth edition of immunotherapy provides the most current overview of immuno oncology in different cancer types and toxicities associated with immunotherapy while immunotherapy has revolutionized the treatment landscape of several solid malignancies several challenges still exist only a subset of patients derive clinical benefits some do not respond at all and others respond initially only for their disease to progress later because these drugs can activate a broad range of immune cells patients suffer from a unique set of side effects known as immune related adverse events as more immunotherapeutic agents are used in the clinic it is important to provide updates about current and ongoing developments in the field to further research efforts and inform treatment decisions the fourth edition will have a new focus on strategies to overcome the challenges associated with immunotherapy chapters will discuss topics such as biomarkers of response resistance mechanisms role of imaging in predicting immune related adverse events and management of immune related adverse events written by leading experts conducting cutting edge research readers will gain up to date knowledge on the current state and future of immunotherapy

the humanists of the fifteenth and sixteenth centuries took a passionate interest in livy s history of rome no one studied the text more intensively than the swiss scholar henricus glareanus who not only held lectures on different roman historians at the university of freiburg im breisgau but also drew up chronological tables for ancient history which were printed several times in basle sometimes together with livy s history glareanus annotated his personal copy of the chronological tables and invited his students to copy his marginal notes into their own copies of the book three of these copies survived and give new insight into glareanus s practices as a scholar and teacher the notes they contain and the way in which glareanus used them as a teacher are distinctive and neither has had much attention in the past from historians of reading this volume presents facsimile reproductions of the tables from one of the surviving copies now kept in princeton university library the high quality reproductions include transcriptions of the handwritten notes unlocking glareanus s teachings for a new generation of students and researchers

this book gives an overview of therapeutic drug monitoring tdm and its clinical application it also highlights recent advances in toxicological studies as they relate to therapeutic drug monitoring this is one of the few books available on the market that covers tdm therapeutic drug monitoring tdm is a clinical decision making tool that enables dosage regimen adjustments based on clinical and laboratory measurements tdm not only involves the measuring of drug concentrations but also interpretation of the results there is a strong correlation between drug concentrations in body fluids and outcome than between dose and outcome the chapters include coverage of analytical techniques pharmacokinetics therapeutic indices artificial intelligence and recent advances in toxicological studies the book fills a gap in published literature and provides reliable information on analytical techniques in tdm and clinical toxicology tdm and pharmacokinetic studies tdm of drugs with narrow therapeutic indices artificial intelligence in tdm and clinical toxicology future directions and challenges

epilepsien sind häufig jedes jahr erkranken in deutschland ca 40 000 menschen an einer epilepsie im alltag ist sie meist unsichtbar weil die epileptischen anfälle nur sporadisch auftreten die sozialen folgen einer epilepsie können aber in abhängigkeit vom schweregrad der anfälle und der behandlungsprognose längerfristig einschränkend sein dies betrifft oftmals bereiche wie die schule ausbildung bzw arbeit die mobilität und freizeitgestaltung aber auch das familienleben wohnen und pflege dieses buch stellt typische problemstellungen von menschen mit epilepsie anhand von fallbeispielen vor und zeigt die möglichkeiten sozialer unterstützung und teilhabeermöglichung aus der langjährigen erfahrung eines führenden klinischen epilepsie zentrums auf mit praktischen tipps und details zur antragsstellung sowie umfangreichen literaturhinweisen

the goal of a high quality cost effective and accessible health care for patients is achieved through constructing a team based and patient centered health care delivery system the expanded role of pharmacists uplifts them to patient care from dispensing and manufacturing or marketing of drugs along with doctors and allied health professionals pharmacists are increasingly recognized as an integral part of the patient care team furthermore colleges of pharmacy need to revise and up date their curricula to accommodate the progressively increasing development in the pharmaceutical education and the evolving new roles of practicing pharmacists in patient care settings this book focuses on the expanded role of the pharmacists in total patient care including prescribing dispensing compounding administering and monitoring of drugs at home hospital community hospice critical care changeover and other care settings the sector is emerging in both developed and under developed countries overburdened by patient loads and the explosion of new drugs physicians turned to pharmacists more and more for drug information especially within institutional settings and today s patient care pharmacists are taking more interests in medication review and reconciliation patient education and counseling creating drug therapy regimen and monitoring compliance the purpose of this book is to guide the pharmacists in their daily interactions with patients and to ensure collaboration with other health professionals the contents are mostly based on recently published articles related to patient care with most recent ideas and activities followed by the patient care pharmacists around the globe however a pharmacist implements the care plan in collaboration with other health care professionals and the patient or caregiver along with professional guidelines the book discusses the concepts and best practices of patient interaction patient rights and ethical decision making for the professional pharmacist apprentice and student in every chapter the role of pharmacists in that chapter specific issues are detailed explicitly so that a professional pharmacist or a student can figure out his or her do s and don ts in that specific situation moreover further reading references are listed as future recommendations so the book is an archive of potential references too among so many books about patient care either doctors or nurses roles are highlighted the proposed book highlights the pharmacists roles and responsibilities to the most separated from those of doctors and nurses with the most recent information obtained from most publications in several journals books bulletins newsletter magazines etc
