association for education in journalism and mass communication tankard book award winner weatherford award winner nonfiction the news untold offers an important new perspective on media narratives about poverty in appalachia it focuses on how small town reporters and editors in some of the region s poorest communities decide what aspects of poverty are news how their audiences interpret those decisions and how those two related processes help shape broader understandings of economic need and local social responsibility focusing on patterns of both media creation and consumption the news untold shows how a lack of constructive news coverage of economic need can make it harder for the poor to voice their concerns critical and inclusive news coverage of poverty at the local level michael clay carey writes can help communities start to look past old stereotypes and attitudes and encourage solutions that incorporate broader sets of community voices such an effort will require journalists and community leaders to reexamine some of the professional traditions and social views that often shape what news looks like in small towns

both europe and the us have now dampened the shrillness of the invective hurled against each other over the last years but the underlying differences have not been resolved the two sides drift apart in their views on what internal politics should achieve as well as in their vision of the global order they would like to see established the economies of both europe and the us are highly developed and densely interwoven their societies are post industrial many social and economic trends converge similar too are the challenges to maintain security against threats emanating from other parts of the world divergences thus do not originate from conflicting material interests they arise from different perceptions of the nature and of threats from the outside world from how the two societies wish to define themselves through their internal and external policies the search for a distinct european or american identity fuels this discord therefore appeals to common merely material interests will not obliterate it the contributions to this book come from altogether twelve authors each of them addressing the issues from the perspective of his or her own discipline the book aims to reach not just academia but also beyond to those that are involved in actual international decision making
